Weslaco ISD ACE is excited to begin the 2023-2024 school year. ACE will provide a welcoming, positive, and safe environment for students during afterschool time. Our goal is to enroll students that need to improve performances in reading and math by providing academic support, high impact tutoring (HIT), enrichment activities, and family engagement opportunities. Our program will help students see growth by aligning our program activities to the regular school day. If you feel your child would benefit from the WISD ACE program, we encourage you to apply.

Please note, filling out a form does not guarantee your child a spot in the program.

After completion of the form, the campus ACE Site Coordinator will verify registration criteria and you will be notified of acceptance into the program.
