Teachers also have 10 touch chrome books to utilize during their learning centers. .

The Early Learning Foundations Academy has other strengths. Some of the most notable strengths include:

- 1. All staff and paraprofessionals are highly qualified.
- 2. Class size 20:3.
- 3. Teachers and staff are given leadership opportunities such as serving on SBDM, bilingual chair and District Advisory committee.

Student Learning

Student Learning Summary

Early Learning Foundations Administrator and teachers evaluate student data by generating CLI reports. Administration analyzes trends in student achievement by evaluating data in our special population groups. The campus conducts meetings with teachers to desegregate student data to identify the strengths and weaknesses of students to determine specific concerns and plan of action.

Student Learning Strengths

A student achievement strength at the ELF Academy is the belief system that educators and education can make a significant difference in the potential of each and every child. Our teachers and staff are willing to do whatever it takes to help student learn at high levels. Additional strengths are listed below.

Beginning of the year testing: 2018

Strengths:

70% of students met track on Phonics

60% of students me track on Math

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Our students are scoring below 60 on rote counting and number recognition. **Root Cause:** The reason why our students are scoring below expectation in Math is due to the lack of consistent Math instruction.

School Processes & Programs

School Processes & Programs Summary

Early Learning Foundations Academy has a highly qualified staff. Upon employment, teachers are given professional development in the district and at Head Start Head Quaters. Professional development needs are determined by EOY testing results, and special campus programs that require training for implementation. All teachers are given opportunities to work together and plan during their conference period. They meet on Mondays and Tuesdays with teachers at Head Start and on Fridays they meet at the ELF Academy Office to collaborate and synergize.

School Processes & Programs Strengths

In the area of staff quality, recruitment, and retention, the following strengths were identified:

- All staff and paraprofessionals are highly qualified.
- 90% of the teaching staff are new teachers having from 2-8 years of experience. This is a strength because they are implementing the newest research based lessons and are very equipped in technology.
- Teachers and staff are given leadership opportunities such as serving on SBDM serving as grade level chairs, and bilingual chair.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1: Teachers don't plan together as often and campus teachers do. **Root** Cause: Because teachers are at different Head Start centers, they don't get to plan and synergize as often as teachers at the same campus.
