LED Lighting Project District Wide (RFQ # 20-03-14)

During the Regular School Board Meeting held on Monday, March 9, 2020; the Board qualified the following five (5) vendors for the LED Lighting Project District-Wide (RFQ (20-03-14).

This construction project is using the “Design-Build” Method for construction which is a two-step process:

Part 1 - Qualification Phase– during this phase the district qualified up to five vendors for the second part

Part 2 - Proposal Phase – in this part only the vendors qualified in step 1 will receive a proposal package to bid on this project.

The listed vendors below are now eligible for the second phase of this Design-Build Project and will be receiving a proposal package.
