#### Farewell to Board President David Fuentes

Mr. David Fuentes will start his new position as Precinct 1 Hidalgo County Commissioner in January of 2017.

The audience viewed a brief video showcasing the dedication and service provided by Mr. Fuentes during his term in office as a school board member.

#### Comments by Mr. Fuentes:

"I'm overwhelmed because I have only been here for 6 years and many people have dedicated their lives to this district and have done so much more than I ever did in my time here, but for me this is an extremely special place because I've spent my whole life around here. I owe my parents everything. When it comes to what education really means to me and to my family, just like many of you that are educators this place holds a very special place in your heart, so it's no different for me even though I haven't spent as many years as many of you here. It has been a tremendous honor to be up here at this table making decisions on your behalf. It has been my pleasure to serve and it's been a true honor to serve this community in this capacity. I will remain in heart and spirit here. I'll be here with whatever you need and hopefully be able to improve some things with you guys along the way. I'll be coming by and visiting and hopefully be able to work together in certain things as we move forward. Thank you to all the staff, administration, my mentors when I was a teacher, staff at school when I was there, and my superintendent and principal when I was in school, for teaching and guiding me along the way. It has been an absolute pleasure and honor to be here and I will miss you, so thank you for being part of my extended family. God bless each and every one of you and continue the good work you do here!"

#### Comments by Board Member Andrew Gonzalez:

"I will miss him. His dedication, his love for all of you, you've seen it in 6 years. For that, thank you David!"

Comments by Board Member Oscar Caballero:

“We’ve been friends for a couple of years. You helped me out with anything that I needed to know about school board business. There were a lot of things I wasn’t aware of and you were able to help me out, and I really appreciate it. I wish you the best at Precinct I. Good luck!”

Comments by Board Member Patrick Kennedy:

“Thank you for your service for the past 6 years and best of luck at the county level.”

Comments by Board Member Dr. Richard Rivera:

Best of luck in the county; I know you will excel at the county level. We are all together, school district, city and county and I wish you the best.”

Comments by Board Member Isidoro Nieto:

“I’ve known David since he was a freshmen player in high school and the leadership and qualities that he had back then, he took them to college and came back to teach and coach and was highly successful. Now, as Hidalgo County Commissioner, I believe and I know that he will do an excellent job as a County Commissioner. All those qualities that he has, they are qualities of a great leader!”

Mr. Lopez thanked Mr. Fuentes for his service and dedication to this district and for coming back as an educator. He stated, “As educators, teachers, and principals sitting out in the audience, I’ve heard several of you say, go out there and get your education, get your job, and then come back and help your community. You, David, did exactly that! With your education and all the knowledge that you have I know that you can really be anywhere in this world and succeed, and will succeed. Thank you for being here with us and helping the whole community and the lower Rio Grande Valley because that’s basically what you are going to be doing. Thank you!”

VII. Public Comments

- Jessica Perez, 610 San Benito, Weslaco, Tx.

Mrs. Perez addressed her concern in regard to a request for public information that she submitted on November 2, 2016. Mrs. Perez requested copies of purchase orders, meal checks, and signature sheets for the band for this current year. Her concern is that students were not provided with appropriate meals for several days.

Mrs. Perez was told that she would receive the information within 10 business days. However, on November 18, 2016 she received a letter advising her that additional time was needed to gather the information and therefore her request would be ready by November 28. On November 28, she was told that a meeting was scheduled to be held with Mrs. Morales on November 30 regarding her request. On December 2, staff informed her that the information was not ready. She called staff on December 5 to check on the status and was told someone would return her call. According to Mrs. Perez, to this date she has not received any phone calls from anyone or any information that she requested.

School Attorney Ivan Perez informed the Board the district has a policy in place which addresses that these types of issues be directed to the administration. Therefore, he recommended that administration visit with Mrs. Perez to discuss these procedures and move forward. Dr. Canales will follow up with Mrs. Perez.

#### XI. Discussion and Possible Action Items:

Mr. Sanchez explained that staff contacted three different purchasing cooperatives for the purchase of interactive panels. The interactive panels will serve as an innovative resource to help young learners develop basic skills along with critical thinking capabilities.

However, the interactive panels desired are not listed as approved items in the contracts provided by the two lowest vendors: Troxell and United Data Technologies, Inc. Therefore, staff recommended that the purchase be made from a company called Audio

Video Aids, Inc. from San Antonio, Tx. who is an approved vendor under a bid contract of the Buyboard Purchasing Cooperative. The cost of the panels will be \$173,543.00 which is \$18,000 more the previous amount approved by the Board.

Dr. Rivera made the motion to approve the purchase from Audio Video Aids, Inc. as recommended. Isidoro Nieto seconded the motion.

Mr. Kennedy wanted to know if the district would save money by going out for bids. Mr. Sanchez replied that the purchase would be delayed if staff went out to bid due to the timeframe. A recommendation would be presented to the Board in February and therefore the panels would not come in until sometime in March, thus delaying the time for implementation of the curriculum for the students. In addition, the grant will expire at the end of the year.

Mrs. Sue Peterson, Assistant Superintendent for Curriculum, confirmed that the equipment is needed in the classrooms as soon as possible.

Mrs. Janie Pena, Executive Director of Curriculum & Instruction, further explained that the panels will serve as an introduction to blended learning for pre-k students. The panels have a motorized convertible stand that will bring the panel down and convert into a table which will allow the students to stand around it and work independently on their own screen. The funds to be used for this purchase are part of a grant for higher quality curriculum.

Due to the need for the equipment recommended, Andrew Gonzalez concurred with Dr. Rivera and Mr. Nieto in approving the item at this time, but asked that staff go out to bid in the future to ensure that the companies are on the vendors' list.

Mr. Kennedy stated that he would vote in favor of the motion since the panels are being purchased with monies from a federal grant and not from tax payer's monies.

The board members voted unanimously in favor of the motion made by Dr. Rivera and seconded by Isidoro Nieto to approve the purchase from Audio Video Aids, Inc. as presented.

23. Discussion and Possible Action for the Board to Consider Approval of the Annual Financial and Compliance Audit Report for the Fiscal Year Ended August 31, 2016

State law requires that school districts submit a Financial Audit Report to TEA by January 28, 2017. The Annual Financial and Compliance Audit report is based on GASB 34 (Governmental Accounting Standards Board Statement No. 34 Basic Statements and Management's Discussion and Analysis for State and Local Governments).

This year's audit was conducted by the firm of Noel Garza, CPA. Mr. Noel Garza presented the findings of the annual audit performed for the year beginning September 1, 2015 through August 31, 2016.

Mr. Garza presented the following information to the Board:

"In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Weslaco ISD, as of August 31, 2016, and the respective changes in financial position, and the respective budgetary comparison for the General Fund and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

The firm has rendered an Unmodified opinion which is the highest audit opinion that can be issued and is a good indication of the financial status that the school district has in place. There are no findings or questioned costs reported in this fiscal year's audit.

- Report reflects a list of federal grants (Child Nutrition, Title I, Migrant, Special Ed, Voc. Ed. Gifted & Talented) which the district was able to capitalize and utilize to help fund programs for WISD children.
- By preparing and soliciting these grants, the district took advantage of federal funds in the amount of \$29,344,049 to help fund operations, feed the children, and educate the students, and did not have to burden the tax payers for this funding.

Mr. Garza pointed out that there were a couple of items that they felt needed some improvement pertaining to student activity funds and district cash receipts. The concerns were addressed during a meeting held with Dr. Canales, Dr. Leo and Mr. Sanchez. Steps have been taken to help improve these controls. Mr. Garza thanked Mr. Andres Sanchez and his staff at Business Office for their assistance in completing the audit which was submitted in a timely manner.

The board members thanked Mr. Garza for conducting the audit and commended Mr. Sanchez and his staff for a job well done.

Trustee David Fuentes asked Dr. Canales to encourage staff to follow purchasing procedures in order to protect themselves as well as everyone else, including the Board, since they have a responsibility to protect tax payers' money. He made reference to the instructional account in which the district had budgeted \$89 million but spent only \$85 million; thus, saving \$5 million. He wants to make sure that the campuses are not short changed on instructional resources that are needed, just to save some money. He encouraged staff to look at the areas where there are significant variances to make sure the budget truly reflects the needs of the district. Otherwise, these funds could be used for facility needs which have already been identified by staff and the Board. He stated, "The \$5 million variance is kind of alarming especially when we went through a process of creating budget amendments to increase it, and then not use it, so I just want to encourage you to look at those variances because good variances are still something of concern."

Board President Erasmo Lopez told Mr. Sanchez to follow up on the amount of federal grants awarded to neighboring school districts our size for comparison purposes and to forward the information via their weekly update.

Dr. Rivera requested that staff follow up on the procedure for cash deposits made at the bank without any security escort and the timely manner in which cash receipts are being submitted.

24. Discussion and Possible Action for the Board to Consider Approval of: 1) Substantial Completion, and 2) Change Orders #1 & #2 of the Gutter and Drainage Improvements Project at the Weslaco East High School Cafeteria and Gymnasium

During the August 8, 2016 Board Meeting, the Board approved the installation of a minor gutter and drainage improvements project at the cafeteria and gymnasium at Weslaco East High School.

During the initial phase, it was determined that a portion of the existing wall was 4” thicker than had been reported. Therefore, a change order was needed for the purpose of removing drain spouts along the walls of the cafeteria and the gymnasium and to replace them with a gutter system. The cost for material and labor for Change Order #1 is \$1,250.00.

Change Order #2 has an estimated cost of \$9,500.00 and involves replacing 75 linear feet of existing gutter with “new” heavy duty gutter as specified by the engineer. The section in front of the gymnasium is being replaced because it has holes and rust areas causing excessive water leakage.

Mr. Sanchez reported that the project will be finished over the Christmas holidays.

Dr. Richard Rivera made the motion to approve the substantial completion and Change Orders #1 and #2 of the gutter and drainage improvements project at the Weslaco East High School Cafeteria and Gymnasium. Isidoro Nieto seconded the motion and it passed unanimously.

25. Discussion and Possible Action to Approve the New Sound System for Bobby Lackey Stadium

Mr. Xavier Salinas, Assistant Superintendent for Support Services, informed the Board that the current sound system is over 10 years old and no longer operational. Hence, staff had to rent a sound system for the last football game.

KWES Director Carlos Robledo reported that Bobby Lackey Stadium was built in 1990 and to this date the same wiring has been used for the sound systems and the speakers that have been added to the scoreboard. As a result, the speakers have blown twice.

Staff members had the opportunity to hear two sound systems during a demonstration held at the stadium. Staff recommended that the purchase be awarded to Hermes Trading Co., Inc. of McAllen, Tx. This sound system is currently being used by Point Isabel ISD, Highland Park ISD, LSU, Alabama, Florida State, and the Green Bay Packers. According to Mr. Robledo and Mr. Salinas, the system sounded fantastic. In response to Mr. Gonzalez inquiry, Mr. Robledo confirmed that the speakers will be waterproofed and all new wiring will be installed.

The installation of the system is expected to be completed within 5-6 weeks. The cost of the sound system is \$129,622.75. Funds for this purchase will be obtained from the construction fund.

Isidoro Nieto made a motion to approve the purchase of a new sound system for the Bobby Lackey Stadium from Hermes Trading Co., Inc. of McAllen, Texas. Dr. Rivera seconded the motion and it passed unanimously.
