

Weslaco Independent School District

Early Learning Foundations Academy

Mrs. Jennifer Luna, Principal

Parental Involvement Policy
2018-2019

Early Learning Foundations Academy, strives for student success and acknowledges that their success is highly attributed to parental involvement. In knowing so, we strive to strengthen and educate our parents and caregivers, showing them the importance of having a relationship with their child's school. It is the plan of this school to implement educational and meaningful programs, procedures and activities for which the parents can be involved with teachers and administrators in Title 1 programs that will help promote the educational success of their children thus complying with Every Student Succeeds Act. The following will be implemented for parental involvement.

- Monthly meetings will be conducted at a convenient time to explain the parental program to the parents, which includes its requirements and their right to be involved.
- Offer meetings at a flexible time and home visits to encourage parental involvement.
- Involve parents in the planning and improvement of parental involvement programs and other programs that they may assist with school wide.
- Supply information to parents about Title I programs, school performance profiles, as required by law, individual student assessment results, along with an interpretation of their child's results.
- Provide parents with a system that will allow them to make inquiries, suggestions and complaints.
- Discuss how communication between teachers and parents, on an on-going basis, is important and how annual parent-teacher conferences, progress reports and opportunities to volunteer can help their child's education.
- Provide parents the (Parent/Teacher/Student Compact), which outlines how parents, staff and students will share the responsibility for improving student achievement.
- Maintain an effective involvement with school, parents and community by working with organizations and businesses to build a relationship between them and the school and educating school and staff on the value of parental involvement and how to work with each other as partners in education.
- Provide trainings such as literacy classes, academic workshops, parenting and nutrition classes to assist parents on how to help their children's development.
- Help parents understand national and state goals, student performance standards, assessments and information related to the education of their children.
- Provide all information regarding school and parent meetings, programs and activities is available in the language used in their home.
